Additional Resources and Opportunities at DIME

DIME is quickly becoming a center for musicians, songwriters, and music entrepreneurs, and with that comes many opportunities for our growing student body.

Our students may receive several performance opportunities for paid and un-paid gigs across the Denver area. Also, DIME students are able to audition and perform alongside well-known musicians through our masterclass program.

Our students have the opportunity to collaborate on original music with their peers and with members of our industry professional faculty.

MSU Denver at DIME Students can consult any instructor about various aspects of their developing musical careers through our tutorial system, which includes a yearly career action planning tutorial with DIME's directors. Each week, students have access to sessions that focus on subjects like networking, professional development, self-employment skills, and more.

Every student has the opportunity to audition original material for DIME's annual student album, DIME Sessions, which will be recorded and released through the school's affiliate record label, Original 1265 Recordings.
